# *Efficiency*

—is a big word today. In the structure of business, waste and non-essentials must be avoided.

This store is bending every effort to serve efficiently so that it can serve economically. Every step from personal search of markets to the actual display and sale of goods and their delivery, is constantly studied to increase efficiency with its consequent increase in value for you.

# *Value*

Good value is impossible without good quality. For value is ultimately determined by the satisfaction, pleasure and service which the merchandise gives.

In the selection of our stocks our buyers follow the firm policy never to go below those standards of quality in material, workmanship and finish so essential to the pleasure of possession and dependability in service.

## Alberta Government Stallions

THE DEPARTMENT OF AGRICULTURE, Edmonton, is placing on exhibition at the Horse Show the two government stallions, "Craigie Masterpiece" 18297, and "Job" 83984, in order that the public may have this splendid opportunity of seeing them.

"Craigie Masterpiece" is a Clydesdale bred by George Sutherland, Sunnybrae, Findochty, Scotland, and was purchased by the Department last summer from James Kilpatrick, of Craigie Mains, Kilmarnock.

"Job," a Percheron stallion, was imported last December from Dunham's stud, of Wayne, Illinois.

These two stallions will be paraded each evening and Saturday afternoon with the Alberta University steers.

## Sheep Dog Demonstrations

SAM S. STODDART and his wonderful dogs will give demonstrations of sheep handling every evening and Saturday afternoon. O. B. Hammill, Son and Orledge, of Calgary, have kindly provided sheep for this feature, which was one of the outstanding events of the 1920 International Live Stock Show at Chicago, and which has been engaged for the Spring Horse Show, at Calgary, because it is one of the best and most interesting acts it is possible to secure for such an event. Mr. Stoddart's sheep dogs are undoubtedly some of the finest of their kind, and their performance will be a delight to all Horse Show visitors.

## THIS IS WHY YOU SHOULD GET US TO RE-BORE AND RE-GRIND YOUR CYLINDERS

We have equipment for re-grinding cylinders perfectly true and round, and we turn and grind the **Oversize Pistons and Rings** to suit. ¶ You will **save in oil and fuel** the cost of our work in one season. Your engine will give **more power than when new**. ¶ Your actual plowing time will increase. Loads will be pulled easier. You will not have to stop continually to clean spark plugs and adjust the carburetor; and on account of the steady power you will not have to be throwing your clutch in and out. You will, therefore, have less breakage on your machine. ¶ The whole work of your engine depends on the motor, and if there is no compression, you cannot do the work. ¶ By getting us to **Re-bore and Re-grind your Cylinders** you are sure of the **very best compression**. We **guarantee it**. Call at our showrooms and we can show you our work, and how we make the best job.
